## For

## Froebel College President!

Hi! I'm Baz and I'm a 2<sup>nd</sup> year Sport Psychologist student. I'm **currently living at Old Court, Froebel** and right now, couldn't wish for a better place to live. I know I may not be studying the traditional Froebel associated degrees such as dance and education but I have been living and breathing Froebel ever since I arrived in Old Court in my first year.

I feel the role of a College president has to have certain attributes to achieve success. Some that could be mentioned are energetic, approachable, good time management and an all round positive attitude. I feel I carry these attributes and can apply them to the role of the college president.

Going through the stages of the University life and adapting to the structure and lifestyle of it all has made me a stronger and more confident person to act in certain situations that a college president may come across.

I want to be that voice raising concerns between students and the university and help create an even bigger Froebel community spirit than there is already. This year has given me an insight into what the role involves through having a good relationship alongside the current DP and last year's DP.

**If you elect me as your Froebel college president, I will endeavour to complete the following goals:**

**1** - I feel that an increase in the **Froebel spirit within the college** could bring together a closer community. By pushing to achieve this it will create more events held at the bar, improved spaces to socialise, especially students who are here in the daytime who want to chill out without the pressure of having to buy food and drink in between lectures. Areas such as the new orchard, lake and the lawn I feel aren't used enough so by voting for me I will push for these places to be areas of good use.

**2** - As the **RSU begin to make their move to Froebel** in the forthcoming weeks, I hope to ensure that this move benefits Froebel and the students without losing the Froebel college identity.

**3** - I know that the RSU and Nikki have been working hard to **raise awareness about the current issues of tuition fees**. I want to continue this work as it will have an effect on Froebel students now and in the forthcoming years. A vote for me will help to continue to support this campaign and raise students' voices to help make a change.

**4** - **Lighting around Froebel College**, especially the lake area is a big concern. It is currently an ongoing process to improve the lighting but if you vote for me I would push the campaign and hopefully make Froebel a lighter college.

However, **I don't want to change everything!!** It is important that all the hard work from all of the Froebel team continues into next year, as well as the events such as the themed college nights and the Christmas party! As you already know, I have been part of Froebel the past two years, and I am from the heart, Froebel through and through. Thanks for taking the time to read this, please **vote for Baz for Froebel College President**, I **promise** I will not let you down!

**Baz Barrett x**
