

Hi Guys,

My name's Becca Newton and I'm running for Student media officer this year.

So far this year I've published for Fresh as well as my local newspaper back home in Northern Ireland, I've photographed for the RSU at BOP and am well known in Digby.

If I'm elected I want to continue the fantastic work already set up by Anant Naik for Fresh and the Media services within the RSU, I want to help and support setting up a society of Fresh writers to contribute to Fresh.

I have experience in writing for print as well as for magazines over the past three years. I feel this will help me to communicate well with the writers and media within Roehampton.

I am an enthusiastic member of the University and want to bring fresh ideas to the RSU. I want to find new ways of reaching off campus students to inform them of events and campaigns. I want to promote the Media of the RSU such as the podcasts and videos which I feel more students should contribute to.

I want to encourage more university based information to be included in the newspaper - such as changes within the university, updates from meetings and progression of the improvements being made throughout the university.

I feel the Media in Roehampton should be used and contributed to by everyone.

I believe that I will do a fantastic job because of my enthusiasm, fresh ideas and experience.

I want all departments, all students and all of the RSU To USE the media in Roehampton to feedback and inform.

VOTE BECCA NEWTON for Student Media Officer!
